Service crafted with attention to every detail.

From the moment you entrust us to make your special day come alive, our wedding specialists will be by your side crafting every experience to perfection.

We believe it is our top-notch service that makes our brand of luxury the most comfortable for our guests and a cut above the rest. Intuitive and discreet, it's not the kind of opulence that screams, but the kind of conscientious luxury that shows you why we are one of the leading hotel groups in the country today.

While the experience flirts with your senses, throughout your stay, you'll wonder if the whole experience wasn't in fact specially crafted for you.

Cuisine exquisitely crafted to savour every palate.

From the staunchest of vegetarians to the heartiest of meat lovers, our spread will leave no stone (or plate) unturned to impress our guests. And of course, each of our delightful platters are as authentic as they get.

God is in the detail. It can also be found in the family-secret-recipes passed on for generations! And to bring that into your menu, we get our trained and experienced Marriott chefs to work closely with a local maharaj, who is well-versed with regional delicacies, specially the vegetarian dishes which are cooked in an all-vegetarian kitchen! And rest assured, it will be a feast that people will talk about for years!
