THE CITY

Shahid Khan/Shutterstock.com

Like many other cities, Birmingham has a link with the Roman Empire. The city was mentioned as far back as 1086 in the Domesday Book, and developed into an important trade centre from the 12th century onward. During the 17th century, a large weapons industry grew up. Among others, Birmingham provided Oliver Cromwell's army with weapons and later on they supplied Napoleon. During the golden age of the Industrial Revolution, the city grew rapidly thanks to its supplies of iron, coal and labour. Subsequently, Birmingham became an important hub in England's canal and train networks, and these days the city has a network of over 60 km of canals and other waterways, which is more than Venice. Today the canals are mostly used for pleasure boating, making it a perfect way to discover Birmingham.

During the Second World War, large areas of the city were destroyed, and the city centre was rebuilt. In recent years, however, an architectural renaissance has occurred and old squares, streets and waterways have been restored and renovated. Many typical British brands, and frequently world famous brands have been created here, including Bakelite, Cadbury's, Brylcreem, HP Sauce and Typhoo Tea. The city's inhabitants include J. R. R. Tolkien and Ozzy Osbourne.

Today, Birmingham is a fast growing tourist destination with a compact, pedestrian-friendly city centre and where many exciting attractions are waiting to get explored. A city full of surprises where the English old world charm meets the new and young vibrant atmosphere thanks to the many students in the city.

SHOPPING

Dainis Derics/Shutterstock.com

Birmingham do not lack in shops, in fact, the city is claimed to be a shopper's paradise where everything from mega malls, to charming markets and independent stores are on offer. And with a compact and pedestrian-friendly city centre, it is never been easier to stroll around from store to store.

When it comes to shopping malls, you will be spoiled with choices with the largest shopping centres in the UK, the Bullring, to House of Fraser, Selfridges and Grand Central. They all stock all your favourite designers and the latest

brands.

A stone's throw from the Bullring is the flea market in Saint Martin's Market, locally referred to as The Rag. After 50 years, it is still increasing in popularity. If you want to buy jewellery, you should head for the unique Jewellery Quarter where hundreds of talented craftspeople and designers are displaying their things, making it a perfect place to find gifts and souvenirs. The shops in the area also sell antiques and clocks.

The bustling shopping streets like New Street and High Street is packed with stores selling well-known brands but also where independent boutiques can be found, so make sure to stroll around these areas when in the shopping mood.

One thing is for sure, you will not leave Birmingham empty-handed.

Bullring & Grand Central

In Birmingham, much of the shopping is concentrated in the Bullring mega-complex. This is where you will find the traditional chains such as Karen Millen, Monsoon, Miss Sixty and HMV. The exception is Apple's elegant computer shop, full of iPod accessories. The most interesting part, both the inside and the outside, is the highly self-assured Selfridges department store. If you are used to the London store, you should prepare yourself for a somewhat more focused, but still exciting range of goods.

Mailbox

Previously a mail sorting office on Wharfside Street, today the Mailbox is housing fashion shops and galleries. This is where the city has their exclusive stores like Harvey Nichols and shops like Hugo Boss, Calvin Klein and Armani. This is certainly one of the most luxurious shopping destinations in the town.

Birmingham International Airport

Birmingham International Airport (BHX) is situated 13 kilometres east of Birmingham, only 10 minutes from the city centre. The adjacent train station is reached via a short trip on the free 'Air-Rail Link' monorail system and between 00:30 and 02:00 there is a courtesy bus running to the station. Trains then depart for Birmingham; there are 7 services per hour from Birmingham Airport. However, they run less frequently in the evenings and at the weekends, (no trains at nights). Tickets can be purchased at the station for the 10 minute long journey to New Street Station.

Bus 97A (a 24/7 service) connects Birmingham City Centre to Birmingham Airport. Tickets can be bought on the bus service.

Licensed taxis operate 24-hour, and located directly outside the arrivals area of the terminal building. You can book your taxi ride in advance by email or phone (email ctmukltd2016@gmail.com +44 (0) 7376 859 569).

Public Transport

In Birmingham, public transport consists of an extensive bus network and the inner suburbs are linked by local trains and trams. There are several

different types of travel passes from which to choose, including a one-day rover pass.

You can also pay your bus ticket when boarding the bus, but remember that you need to give the exact change. There are official bus stops scattered around Birmingham when wishing to board on a bus so hailing will not be necessary.

For online timetables and fare information, check Network West Midlands website (www.networkwestmidlands.com/ways-to-travel/bus)
